

## 2022 Summer Preschool and Summer Camps

For 2022 summer programs, we have carefully re-designed it to make sure it works out for both teachers and students during this hopeful tail end of the Covid-19 pandemic.

- Action steps for by staff assurance and prevention: Teachers and staff will be given daily temperature checks each morning by a non-contact forehead thermometer before entering the premises. This will maintain safety inside the building – as well as disinfecting, proper and frequent hand washing, and wearing masks.
- Action steps for parents dropping off children outside of the building, or parent(s) must be temperature-checked, and wear mask before entering the building. Items such as: water bottles, lunches, snacks, blankets for preschoolers, and changing clothes, etc. are permitted.
- Masks are required to be worn on campus.
